Established in 1995, EMG has been managing high level corporate events nationally for over 15 years. The Event Management Group (EMG) focuses on pushing boundaries and challenging the way we think about staging an event. Our values are:

Innovation n 1: a creation (a new device or process) resulting from study and experimentation 2: the creation of something in mind [syn: invention, excogitation, conception, design].

Intuition n 1: instinctive knowing (without the use of rational processes)

Integrity n 1: an unbroken or unbroken completeness or totality [syn: unity, wholeness] 2: moral soundness.

Innovation+Intuition+Integrity = Incomparable events adj1: Being such that comparison is impossible; incommensurable. 2: So outstanding as to be beyond comparison; unsurpassed.

Taking your events to a whole new level within your budget.
