Total Meeting Rooms: 4

Location

Melbourne Zoo is a multi award winning tourist attraction set in stunning natural surrounds just minutes from the CBD. With more than 320 animal species from around the world, Melbourne Zoo offers unique event opportunities and the chance to view wildlife in naturalistic habitats across the Zoo's brilliant 22 hectare grounds.

Venues

The Zoo offers four flexible indoor venues:

- The Rainforest Room looks onto the lush greenery of the playful Tamarin monkeys' habitat on one side and offers a small private deck overlooking the lake on the other
- The contemporary Bong Su room is located at the end of the elephant trail which twists through bamboo forests and Asian village scenes
- The Lakeside Room offers stunning views of the Japanese garden and lake and the use of a large outdoor terrace perfect for pre dinner drinks
- The Leopard Lodge caters for up to 240 guests in a brand new state of the art facility.

Whether you are looking for an elegant cocktail function, product launch, formal gala dinner or a conference with a difference our professional functions team will work with you to create a unique and memorable event.

Outdoor spaces include award winning gardens, terraces, lawns and picnic pavilions, where wild animals roam within their natural enclosures nearby. Whether you want a gourmet barbeque with marquees on the lawns or a whole corporate 'Zoo Do' spanning the entire grounds, the Zoo can cater to every event up to 3500 people.

Highlights

The Zoo offers the unique opportunity to meet some of your favourite animals with behind the scene encounters, close-up opportunities and Zoo keeper talks to further enhance your event. Your guests will feel truly privileged sipping champagne while watching baby elephants play or learning how lions sort out their sibling rivalries while enjoying canapés.

Catering

The Liberty Catering Concepts team provides dedicated catering for all Zoo functions. Our award winning Executive Chef has created location inspired menus using the very best quality seasonal produce, sourced locally, prepared onsite and served with professional skill and care.

Our experienced functions teams are committed to understanding your event objectives and fulfilling your expectations. Should you require a particular themed menu or a tailor made package, we will work with you to ensure your requirements are met and that your guests receive the highest level of service throughout your event.

Liberty Catering Concepts practise environmentally friendly operations with a focus on sustainability from the fresh organic herbs used from the Zoo garden through to the biodegradable, compostable plates offered at gourmet bbqs. The focus remains to lower food miles and use suppliers who share the Liberty Catering Concepts environmental and sustainability philosophy whilst providing restaurant quality food.
