"My sincere thanks to everyone at MCI who was involved in the conference – it was an overwhelming success and could not have."

Michael Worthington, Committee Member, Fresh Event 2010

"MCI know how to run events. They are thorough, efficient, well organised and motivated to do the hard work required for a successful event. Our conference committee was delighted by the support, encouragement and perseverance of the team from MCI. It was easy to recommend them for next year's conference."

Greg Oaten, former Chief Executive Officer Geospatial Information & Technology Association (Australia and New Zealand Division), GITA 2010
