## Testimonials

"The challenge we presented arinex with was to work to a tight budget, to guide our relatively new committee in the process of delivering a smooth, inclusive event and to bring together several fields which traditionally have not been able to find common ground. We also had several overseas presenters which added to the complexity of the task. I can happily state that arinex met the challenges and delivered a superb event, better than we could have imagined."

**Dr Russell Pratt, Chairperson,  
Victorian Offender Treatment Association (VOTA), 2007**

It was a great feeling to know that we had brought so many colleagues from around the world to present their latest research – it was a bonus to be able to give them a really well organised program, a great venue and world class entertainment thanks to arinex"

**Brian Jolly, Co-chair,  
13th Ottawa International Conference on Clinical Competence (OZZAWA), 2008**

The Conference was organised with great competence and attention to detail. Every step was well planned and organised. The positive and supportive attitude of the members of arinex staff was notable"

**Professor Michael Kidd AM, Chair, Asia Pacific Regional Conference of the World Organization of Family Doctors (WONCA) 2008**
